Come to my salon and indulge in a unique hairdressing experience.

My private salon is located only 30 minutes north of Brisbane on the beautiful Redcliffe peninsula. The salon is a small and intimate salon with a wonderful relaxed ambience. At my salon you are treated to indulgent personal touches such as espresso coffee, various herbal teas and complimentary neck and shoulder massages.

A haircut and colour with me is the ultimate in one off bespoke design: a look created just for you, the one accessory that others simply cannot imitate. It is a "signature cut" and as unique as your fingerprint. Whether you come in for your weekly hair appointment or six week colour service, when you leave my salon, I can ensure that you will have found the "image" and perfect hairstyle for you. It is a carefree, yet perfect look that lasts. You will feel like a celebrity..

People will ask which hair salon you visit, it is the ultimate compliment, for you and me
